

## Is this course for you?

MARC Learning is the training and development solutions arm of the MARC Group of Companies. We provide both pre-recorded and online webinars, with each webinar averaging about 10 hours. All MARC webinars have pre-and post-assessments. Participants may send in queries related to the course via emails.

This course would be beneficial for you if you belong to one of the following categories:

- Financial professionals
- Consultants, advisors and other professionals
- Business managers

**10 hours module  
valid for 1 month from  
confirmation date**

## What's in it for you?

Upon completion of this webinar, you should be able to:

- Understand the details and structure of financial statements
- Analyse the Income statement and relationship between various data with the past performance of the company and also with its peers
- Adjust and analyse the balance sheet of companies and assess their financial position
- Understand ratio analysis and assess the factors that impacts the performance
- Interpret what the suitable business divers and analysis indicate about the future potential of the companies in the industry

## Curriculum

- Introduction to Financial Statement Analysis
- Ratio Analysis and Its Applications
  
- Liquidity Ratios and Their Calculations
- Profitability Ratios and Their Calculations
- Solvency Ratios and Their Calculations

- Activity Ratios and Their Calculations
- Return on Investment Ratios and Their Calculations
- Shareholder's Ratios and Their Calculations

- Case Studies Using:
- Profitability Ratio
  - Liquidity Ratio
  - Activity Ratio
  - Solvency Ratio
